Employee Handbook: Operational Guidelines & Benefits

Chapter 1: Working Hours and Hybrid Work Policy

Standard working hours are 40 hours per week, typically from 9:00 AM to 5:00 PM local time, Monday through Friday. Core collaboration hours are designated between 10:00 AM and 3:00 PM, during which team members are expected to be available for synchronizations. Employees in eligible technical roles may work remotely up to 3 days per week with manager approval. A one-time home office equipment stipend of $500 USD is available during onboarding.

Chapter 2: Health Insurance and Retirement Benefits

Health Coverage: Comprehensive medical, dental, and vision insurance is provided for all full-time employees and their eligible dependents. The company covers 90% of monthly health insurance premiums for employees and 75% for dependents. Coverage begins on the first day of the calendar month following the start date.

401(k) Retirement Plan: The company matches 100% of employee contributions up to 4% of base salary, and 50% on the next 2%, with immediate 100% vesting from day one. Employees can enroll or adjust contribution percentages at any time through the payroll portal.

Chapter 3: Performance Evaluations and Professional Development

Performance Reviews: Formal reviews occur bi-annually in June and December. Ratings range from Unsatisfactory (1) to Consistently Exceeds Expectations (5). Annual merit increases and performance bonuses are determined based on the year-end evaluation.

Learning and Development: Each full-time employee has access to an annual education stipend of $1,500 USD for technical certifications, conferences, and books. Prior approval from the department director is required before booking courses.
